Designs from

Why?

- Transfertex offers a wide range of designs - from trendy to classic immediately available on transfer printing paper.
- All designs can be coloured according to customer's requirements.
- With transfer printing paper the designs can be presented, sampled and produced in the same high quality, anywhere in the world.

How does it work?

- Transfertex can present new designs to all partners in the supply chain from retailer to fabric manufacturer.
- Transfertex designs - in the form of transfer printing paper - can be sampled wherever it makes sense for the partners.
- Transfertex can deliver the transfer printing paper anywhere that it's required for production.

That's why it's so simple...

Whether you're a fabric supplier, garment manufacturer or retailer; Transfertex makes it easy for you to add beautiful designs to your collection!
